SATURDAY, OCTOBER 25, 1856.

THANKSGIVING.—Gov. Wright has appointed Thursday the 20th November to be observed as a day of public thanksgiving.

The Democrats have much to be thankful for and we feel like observing the day in a proper and becoming manner. To do this we shall require the assistance of some of our friends in the electoral districts; and we therefore desire any one who has a fine turkey, or anything else particularly nice, to bring it to us in time for dinner on that day. A good dinner is a great help towards thankfulness, and a very important item in the due observance of Thanksgiving Day.

**THE ELECTORS!**

We have not yet received the full official returns for this State. Our majority is in the neighborhood of 7000; we gain 4 Congressmen, and have a majority of 20 or 30 Representatives in the Legislature. In the Senate, owing to the number of fusionists holding over, they have a majority of two or three. On the whole, Indiana has nobly redeemed herself, and will do yet better in November. We expect at least 75,000 for Buchanan, if we can prevent the enemy from flooding our State with the imported votes from Ohio.

PENNSYLVANIA gives five to six thousand democratic majority, and we gain 10 members of Congress, and a large majority in the Legislature—notwithstanding thousands of fusionists were imported from New York. Old Buck will have 20,000 majority in November.

Ohio gives a fusion majority of 18,500, but we have gained 8 members of Congress. Negroes were allowed to vote in the state, along with the other black republicans.

There are perhaps some honorable, honest, patriotic and religious men who intend voting for Fremont. If there are any such, we recommend them to read the ample proofs of some of his numerous delinquencies, on our first page; and then—if their consciences and their sense of propriety will allow them—they can still vote for him. If not, let them vote for Buchanan, a man the purity of whose public and private life is without spot or stain.

**Ours More to the Breech!**

**Democrats, stand by your guns!**

We have achieved a most glorious victory in Indiana, and routed the scuppled foe, he, foot, and dragon! But the campaign is not ended: the great battle is yet to begin, and the democrats must remain on the alert, and bring their whole force to bear in one grand charge on the 4th November next. The struggle last week, though a severe and glorious one, was upon a battle of outposts—we must preserve our organization, and prepare for the great fight, which is yet to come.

Every democrat must hold himself in readiness, and be sure to be at his post on that day to complete the work so gloriously begun. Be at the polls early, and see that all your neighbors are there. Urge every man to do his duty, and give one day to his country. Let no man persuade himself that the victory is sure and that he can be spared from the polls. Remember, a few votes in each township might change the result in the State.

Every township in this county did nobly in the last election—let them preserve their credit, and do still better for Buchanan. Allen is predominantly the banner county of the state, and stands proudly at the very head of the noble democratic column. Let us stand together, and show that we are to be relied upon as firm unwavering friends of the Union.

"Forward!" to the watchword, and every one. Mr. P has prepared new and splendid resolutions that his township and the county shall be found worthy the high position they have attained, as the invincible and unconquerable democracy of the banner county of Indiana. Let us make a rally to bring our numbers to 1,500. All that is necessary is to be ready every legal voter to the polls.

Pioneers in the good work resolve that 1500 shall be our majority, and then go to work in earnest. Get every voter to the polls, and see how the votes the right ticket, and that figure will be easily reached. One more boy, and the day is our own!

**They Die Hard.**—The fusionists take their defeat in this state and Pennsylvania very hard, and try to lessen the force of it by charging it upon fraud and illegal voting on the part of the democrats. The Journal and Times of this city are perfectly rabid on this point, and make the black republicans 2

have witnessed some of the rehearsals, and must express our astonishment at the perfection with which the little misses perform their parts, and the harmony and sweetness which characterize their singing. Mr. Packard has a rare and happy faculty of bringing forward his pupils rapidly, and making them take a pleasure in their lessons. It is to this that he owes his success.—Few other teachers could impart such an astonishing proficiency as his pupils exhibit, in thrice the time he has had them under instruction.

**The Millineum at Hand.**—Some ingenious mechanic has invented a new and complete sewing machine which is said to be superior to any imported ones. There is not a shadow of truth now in it, and can be sold for the low price of \$10.00—thus placing it within reach of every family, and releasing many an overtasked woman from the great burthen of doing the sewing for her family. It is said to do excellent work, and will accomplish more in one day than the most expert seamstress could in ten. It is quite portable, not occupying more space than a ledger's work box, and only weighs 10 lbs. An agent is now at Indianapolis to dispose of rights for using and vending in the several counties in the state.

The State Sentinel says:—  
"We have seen this machine in operation, and have examined some beautiful specimens of its work, and hesitate not to say that it is entirely practical in its character, and will, in our judgment, find its way into general use. We cannot think the public a greater favor than to direct their attention to this subject. See advertisement in another column."

that illegal votes were given, and is an unkind reflection on the qualifications of the zealous Shoe Store of Mr. A. L. Hanna, and is daily repeated by those who so patricially froze and shivering round the polls on that day. No man who deserved the patronage of the public saw the recreant air of that challenger armed with a hickory club larger than himself would venture to think of offering an illegal vote, let alone to give it to him. The ladies knew better than we can tell them how much a neat fact the only ones of the kind that came within little garter or slipper adds to their charms; and we tell them that Mr. Shanklin has just up in a carriage, and who were rejected because they had not lived the requisite time in the article they delighed in, we feel that we have discharged our duty to them, and to the rest of mankind. No use to multiply words.

The State Journal joins in the cry of fraud, and its Call and examine them, and you will thank us for the information.

**Look Out! Pipe Laying in Indiana and Pennsylvania.**

Extract of a letter, dated.

CINCINNATI, Oct. 21, 1856.

Rumors prevail here, that there is to be a centralized effort at pipe laying in Pennsylvania and Indiana, by the Black Republicans of Ohio.

Feeling confident of Ohio, it is supposed that 20 thousand Black Republicans can be spared to sent to each of these States and thus secure their votes for Fremont. The Democratic majorities in Indiana and Pennsylvania, are thus to be overcome, by pipe laying in the same manner that Vallandigham was defeated in the Montgomery District has enabled the Black Republicans to venture to carry States by similar frauds of importation of voters. Warn the Indiana Democratic counties adjoining your North-west, of the pipe laying project, and admonish them to be on the alert.

Several leading Black Republicans of this city, it is understood, were telegraphed to come to New York city in time to lay off the roads of the Pennsylvania and Indiana elections were known to against Fremont.

Gov. Chase was also summoned, and is now in New York.

We shall give a largely increased majority for Buchanan in this country. Yours truly,

*Alles Country.*—This is one of those firm and inflexible Democratic counties to which the Democracy of our State can always look with confidence, in every emergency. She always rolls a Democratic majority that does one good to look at.

On Tuesday last she gave WILLARD 1,318 majority!

Three cheers for old Allen!—*Wash. Gazette.*

This entire record is further union of the Fremont and Fillmore parties in Pennsylvania very improbable. The original Fillmore elector ticket will be run.

**No Fusion in Pennsylvania.**

PHILADELPHIA, Oct. 21.

Last evening a meeting of the friends of Fillmore and Fremont was called at the Republican headquarters to select delegates to the Harrisburg convention to-day for an electoral ticket.

Much confusion prevailed.

Resolutions were adopted repudiating the convention endorsing the Fillmore electoral ticket and declaring all uniting in opposition to it were

aiders and abettors of Buchanan and Breckinridge. Subsequently the Republican meeting elected delegates. At the Fillmore headquarters the meeting resolved to stick to Fillmore, and repudiating the attempt to hold a Union convention at Harrisburg.

**Fusion Convention at Harrisburg, Pa.**

HARRISBURG, October 21.

The Union Convention, to form an anti-Buchanan electoral ticket, assembled this afternoon. Most of the counties were represented. A committee of one from each senatorial district was appointed to report permanent officers.

Lenard Todd, of Cumberland, a Fillmore man

was selected as president of the Convention, who made an eloquent speech.

The committee which was appointed to form

an electoral ticket, report tickets as agreed upon by the Union committee in Philadelphia. The committee appointed the chairman to prepare an address with authority to sign names of members of the convention.

The closing scenes of the convention were very exciting and it adjourned with nine cheers for the ticket.

both the Fillmore and Fremont vote. Mr. Bu-

chanan only wants to carry States having forty

votes to be elected. He will get them in

the following States:

Virginia 15

Tennessee 8

Maryland 8

New Jersey 11

Mississippi 7

Illinois 4

California 4

88

This would give us one hundred and eighty-eight electoral votes—thirty-nine more than is necessary.

There are other States that will

most probably vote for Mr. Buchanan, so that

his majority of electoral votes over Fremont will be less than General Pierce obtained, in 1822, over Scott.

**Terre Haute.**—An intelligent gentleman, writing from Clarksville, Tenn., sends the following to P. S. to his letter:

Our prospects are growing brighter and

brighter every day. Tennessee is dead sure for

Buck and Bred from 5,000 to 10,000. Do

you doubt it? Kentucky, and we will present the

South to the world.

Does not his account for the Black-Repub-

licans dying so hard, and unwilling to give up

they may be guilty of pipe-laying, they wish to

take advantage of a wrong perpetrated by them selves?

**Don't give up your Bets.**—When the Repub-

licans bet on the election they had no expecta-

tion that they would be beaten by the importa-

tion of voters from other States. That

infamous fraud has been perpetrated to be

beyond question; and it is not right that

they should be thus swindled. We have infor-

mation from Cincinnati and Louisville advising

our friends not to give up bets because of

these enormous importations which are known to

them to have been made.

## THE PROOF.

In the full of 1850 Colonel Fremont assaulted Hon. H. S. Foote in the chamber of the Senate, "for want of an answer," said that we may be accused of misrepresenting, we copy a statement of the affair published in the Cleveland Plain Dealer at that time, and which has been preserved:

## THE FOOT &amp; FREMONT DIFFICULTY.

The difficulty between Senators Foote and Fremont grew out of the circumstance that Foote charged Fremont in the Senate, with seeking legislation in reference to the gold mines for the sake of private advantage, while Fremont pronounced false. After they met in the chamber, when Fremont struck Foote, and bled him. They were immediately separated by Senator Clarke. Subsequently Fremont addressed a note to Foote, demanding retraction of the language used by him in debate to the purpose of witnesses, and a check note was left if he refused.

Mr. Fremont declined to sign the paper, but addressed a note in reply to Foote, declaring any intention of giving any personal offence in the language used by him in debate.

The friends of both parties considered this difficulty to Fremont just, his instance, the note of Mr. Foote was submitted to Colonel Benton, who consented to the arrangement. The following card is the result:

Washington, September 28 1850.

A CARD.—The undersigned are authorized to state that the difficulty between the Hon. H. S. Foote and the Hon. J. C. Fremont, growing out of certain expressions made by the former in relation to the California hill in the Senate last evening, has been adjusted satisfactorily and honorably by both gentlemen.

[Signed.] A. C. DOUGLASS,

WM. GIVENS,

HENRY W. SIRLEY,

RODMAN M. PRICE,

FREMONT'S RECENT CONTRACT.

We now come to another grave matter. We desire to call your attention to the lower belief of H. B. Moore (Colonel First Dragoon and commanding in California) to H. Jones, Adjutant-General at Washington, in which it is stated *obliquely* that Colonel Fremont did purchase six hundred head of cattle, for which he bound the Government to pay ostensibly for his services, for the existence of his battalion; & that not one of these cattle were ever slaughtered for that purpose; on the contrary, they were all delivered to a Mr. Stevens to breed on slaves; they were slaves—for the term of three years!

## THE PROOF.

Here is the letter of Col. Marion referred to: Headquarters, Fourth Military Department— Monterey, California, Oct. 9, 1851.

Now I have the honor herewith to inclose to you the papers relating to the contract entered into on the 31 day of March, 1851, by Lieutenant-Colonel Fremont, major general, with a Dr. Elegio de Celis, a resident of Ciudad de los Angeles, California. The papers inclosed are a copy of this contract, with Lieut.-Colonel Fremont's certificate, bearing date April 25, 1851; that the contract has been complied with on the part of Don Elegio de Celis, and that he, Fremont, had entitled to him payment a sum for the sum of \$10,000.

Lieutenant-Colonel Fremont left California in the month of June, 1851, giving no notice to General Kearny or myself of the existence of such a contract, or that he had pledged that to his Government for the keeping of it. Had I the idea of this obligation, and applied to my Government whether I could recognize the contract and release the hand of authority. This letter was accompanied by others, which show that in fact I was keeping the certificates of Lieutenant-Colonel Fremont, and also a certificate of the Comptroller of the California Battalion, and single head of beef cattle under this contract. Not one of these six hundred head of cattle was slaughtered for the use of the battalion, but on the contrary that they have been delivered to a Mr. Stevens of Los Angeles, in two parcels—one of four hundred and eighty-one on the first day of May, number of one hundred and nineteen on the sixth day of July, 1851, both of which dates are subsequent to the discharge of the California Battalion commanded by Lieut.-Col. J. C. Fremont. There is no doubt these cattle are the same six hundred contested for by Lieut.-Col. Fremont on the 31st of March, 1851. Mr. Celis stated it positively in his letter marked D, and the receipts for these by Stevens, received for him in the name and behalf of Lieutenant-Colonel Fremont.

The same letter, dated at the time when our Garrison was established in Los Angeles, with a commissioned agent of the Commandant-in-Chief of the army, Lieutenant-Colonel in 1850, charge of subsistence stores intended for soldiers, delivered in a private in broad daylight, and signed by him, and witnessed by a Mr. Horsey and Lieut. Giltose of the United States Navy. Thus stand the facts and I am applied to to know whether payment will be made upon the paper marked D, which is a certificate that the sum of \$20,963.12, paid to Mr. Celis for supplies furnished the California Battalion, and the same are clearly now in the hands of a private individual, and one of which has been used for public purposes. The no. 100000 on the 16th day, 1851, December, 1851, least an interest of twenty-four per centum per annum after that date.

In endeavoring in this subject, I call your attention to the paper marked 3, wherein Lieutenant-Colonel Fremont has bound himself and future Governors of California to pay the sum of \$2,000 at the expiration of eight months from this date of March 3, 1851, and in default thereof that the same shall bear an interest of twenty-five per cent per annum; this too, when the acting Assistant Quartermaster at Monterey had been more than a month in the country, with a supply of money applicable to the proper expenses of the State of California.

Mr. Celis states that he was partly to secure this sum of money that Lieutenant-Colonel Fremont made with him the liberal sacrifice for which the price is about forty per cent, less than the market price at the time. Both of these notes are now due, and Mr. Celis is going to make application for payment, as he claims to have fulfilled his part of the contract, for the redemption of which the good faith of the Government of the United States is pledged by an officer thereof; but the whole transaction, as shown by the accompanying papers appears to me of such a character that I shall not order payment of the money to Mr. Celis, but refer all the papers to the Department, for their action as they may consider proper in the case.

I have the honor to be, &c.,

It. MASON,

Colonel First Dragoon, Commanding,

To Gen. R. Jones, Washington City.
